The Power of LGBTQ+ Cinema

Frameline's mission is to change the world through the power of queer cinema.

With its distinguished 47-year history as a media arts non-profit, Frameline remains at the forefront of presenting diverse LGBTQ+ films to a discerning and influential audience demographic through the following programs:

EXHIBITION

Frameline San Francisco LGBTQ+ Film Festival,

founded in 1977, is the largest, longest-running, and most widely recognized LGBTQ+ film exhibition event in the world.

Frameline Focus is a free, year-round film series that gives exposure to diverse, socially relevant works that engage audiences and advance discussions on diversity, representation, inclusion, and social justice across the LGBTQ+ community.

DISTRIBUTION & EDUCATION

Frameline Distribution, established in 1981, is the only nonprofit distributor solely catering to LGBTQ+ film. Frameline's collection is home to over 250 award-winning films.

Youth in Motion provides free LGBTQ+ themed movies with curricula to students and educators in middle and high schools across the country. Youth in Motion supports over 1,600 GSAs serving more than 30,000 students in all 50 states.

Frameline Voices distributes short films with LGBTQ+ themes to a global audience, fostering career advancement for queer and gender non-binary creators through the exhibition and promotion of their work.

FILMMAKER SUPPORT

Frameline Completion Fund annually awards grants to filmmakers with projects in their post-production phase. Since 1990, Frameline has awarded over \$595,000 to more than 168 projects, with many going on to receive national exposure.

Festival Firsts

2020 Following the COVID19 outbreak in 2020, Frameline was one of the first film festivals in the world to successfully pivot to streaming with our landmark **Frameline44 Pride Showcase, June 25-28, 2020**, presented in our originally scheduled festival dates without missing a beat.

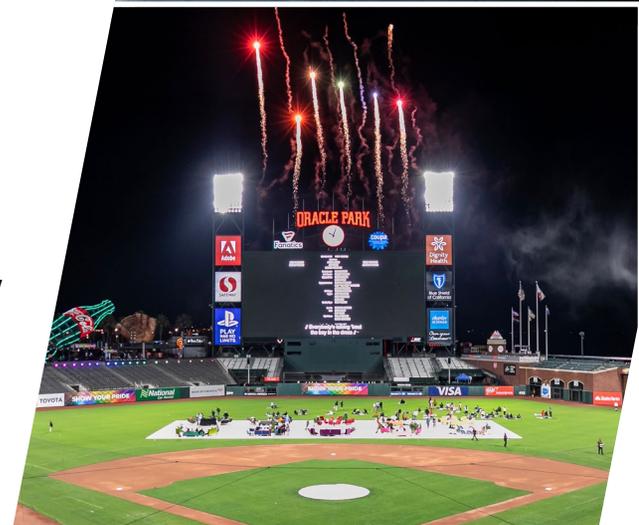

Frameline then returned in the same year with our full-length **Frameline44 San Francisco International LGBTQ+ Film Festival, September 17-27, 2020**, again presented statewide via watch.frameline.org and drive-in exhibition platforms. These two festival events combined set multiple records, drawing Frameline's **largest annual overall audience of over 89,000 attendees** throughout California.

2021 In 2021, Frameline expanded its efforts to offer more ways to attend. This included 3 drive-in, 2 ballpark, and 8 in-theatre screenings in addition to dozens of streaming films, talks, and panels presented in a landmark 18-day hybrid film festival: **Frameline45, June 10-27, 2021**, and the first-ever **Frameline Fall Showcase, November 11-12, 2021**.

Together, these two festival events *again* set a new nationwide festival attendance record of over **90,000 viewers**, re-securing Frameline's title as the **world's largest LGBTQ+ film festival**. Frameline45 also drew the **largest single Frameline screening attendance of over 8,000 attendees at Oracle Park** in June 2021.

2022 In 2022, Frameline returned to its grand home at the historic **Castro Theatre** for a complete 11-day run of nearly 100 film programs presented in-person for the first times since the pandemic. Frameline also launched the new Festival Pavilion, **the largest outdoor, fully ADA-compliant LGBTQ+ guest services pavilion in the industry**.

Frameline Programming also awarded the inaugural **Out in the Silence Award** honoring films that highlight brave acts of visibility, to Micheal Rice, director of the powerful documentary **BLACK AS U R** at the new Juneteenth screening at Frameline.
